EDUCATION

University of Southern California — Los Angeles, CA
Game Development and Interactive Design, BFA | GPA: 3.7/4.0 — Expected May 2028

SELECTED PRODUCTION PROJECTS

Lead Producer | *Resolution*

USC Games (Los Angeles, CA) — *May 2026 – Present*

- Lead Agile production for a 22-person, 7-discipline team building a hybrid physical-digital alt-controller game
- Maintain an 18-sprint, 8-milestone roadmap, translating goals into ClickUp backlogs and clear team ownership
- Tracked 100+ active tasks and 4 physical prototypes across digital, electronics, textile, and fabrication pipelines
- Centralized production docs in ClickUp, Drive, and Discord, aligning teams on scope, priorities, and integration risks

Lead Producer | *Wok This Way!*

USC Games (Los Angeles, CA) — *May 2025 – Jul 2026*

- Led year-long production for a 50+ person team across 8 disciplines on a 4v4 multiplayer cooking shooter
- Managed a 25-sprint roadmap across 5 milestones and 8 playable builds in Notion and Excel
- Rescoped production by cutting one map and reusing art assets to reduce workload and protect milestone delivery
- Coordinated 10 playtests across two semesters, documenting 60+ issues through surveys and structured interviews

Creative Director | *How to Create a Creature*

USC Games (Los Angeles, CA) — Jan 2026 – May 2026

- Co-directed a two-person experimental game from pre-production to an on-time itch.io release in 14 weeks
- Managed scheduling and task allocation across 5 two-week sprints, tracking 90+ production tasks
- Scoped 4 core interaction systems and limited customization to skull-only variants to prevent scope creep
- Shipped 6 milestone builds and ran 5 playtests, using feedback to prioritize fixes and polish before release

PROFESSIONAL EXPERIENCE

Game Design Intern | Creative Director, *Delicious Coworkers!*

SEED Camp, The Amazing Seasun Games (Zhuhai, China) — *Jul 2026 – Aug 2026*

- Directed a 7-person team through a 3-week rapid production cycle, shipping 3 playable builds on schedule
- Ran 1–2 daily check-ins to assign tasks, track progress, resolve blockers, review work, and reprioritize scope
- Scoped and coordinated delivery of 6 interconnected systems: hunger, workload, tasks, KPI, coworkers, and skills
- Cut employee/task variants to fit scope; shipped 6 coworker types, 8 skills, 6 task types, and all deliverables on time

Game Design Intern | Production & Art Coordination

The Verse (Remote) — *May 2026 – Aug 2026*

- Planned 4 sprints for a 6-person remote team, coordinating priorities through twice-weekly production syncs
- Coordinated ~15 art assets through burndown tracking, review, and art-to-development handoffs
- Built and maintained a 15-page Art Bible for visual direction, asset requirements, and implementation standards

Game Strategy & Evaluation Intern

The Dream Network (Shanghai, China) — *Jun 2025 – Sep 2025*

- Analyzed 100+ game titles and synthesized UX, monetization, and market findings into structured reports
- Presented findings in team reviews, translating market research into product and strategy discussions

SKILLS

Production: Agile Production, Sprint & Milestone Planning, Roadmapping, Scope & Risk Management
Tools & Technical: ClickUp, Jira, Confluence, Notion, Unity, Unreal Engine, C#, C++, Figma, Adobe Creative Suite
Workflow: Task Tracking, Dependency Management, QA & Playtest Coordination, Production Documentation
