EDUCATION

University of Southern California

Los Angeles, CA

Game Development and Interactive Design, BFA

Expected May 2028

Minors: Technical Game Art, Game Programming

PROJECTS

Lead Producer | *Untitled Food Game*

USC Games (Los Angeles, CA)

May 2025 - Present

- Led production for a 50+ cross-functional team across Art, Engineering, and Design, managing 13+ development sprints and the annual roadmap
- Owned and maintained production tracking systems (asset and bug pipelines) using Notion, overseeing 200+ tasks to ensure milestone delivery
- Facilitated weekly sprint meetings, aligning teams on priorities, blockers, and deliverables
- Built and managed playtest and QA pipelines, improving bug reporting clarity and accelerating iteration cycles

Technical Designer & Programmer | *How to Create a Creature*

USC Games (Los Angeles, CA)

May 2025 - Present

- Designed and implemented core gameplay systems in Unity, owning feature development from concept to iteration
- Iterated on gameplay through structured playtesting and prototyping, refining mechanics based on player feedback
- Managed bug tracking and QA for multiple builds, prioritizing fixes and validating improvements across development stages

Gameplay Designer | *Nudge*

USC Games (Los Angeles, CA)

August 2025 - Present

- Collaborated with design and engineering teams to support feature implementation and iteration
- Coordinated playtesting and translated player feedback into actionable development tasks
- Documented feature requirements and supported cross-team communication during development
- Supported coordination between design and engineering during feature development

Maze & Experience Designer | *InSync*

USC Games (Los Angeles, CA)

August 2024 - May 2025

- Supported production and coordination for a multi-disciplinary installation project
- Led onboarding for new team members, improving communication and iteration efficiency
- Conducted usability testing and coordinated feedback integration into design updates

EXPERIENCE

Experience Designer & Installation Artist | *How to Pet Your Cat*

DaChu Interactive (Los Angeles, CA)

August 2024 - Present

- Selected as Finalist for the IGF alt.ctrl.GDC Award and exhibited at major showcases (GDC 2025, IGN Live, Day of the Devs, CatCon, SFMOMA)
- Coordinated live exhibition operations, managing setup, player flow, and team logistics
- Delivered stable, high-quality player experiences for 5,000+ participants across events
- Managed on-site execution and ensured smooth cross-team coordination during showcases

Game Strategy & Evaluation Intern

The Dream Network (Shanghai, China)

June 2025 - September 2025

- Produced structured reports on 100+ game titles, synthesizing UX, monetization, and market insights
- Presented data-driven findings to stakeholders, supporting product and strategic decision-making
